

PRODUCT SPECIFICATION

PHC Disposable Restaurant Safety Cutter

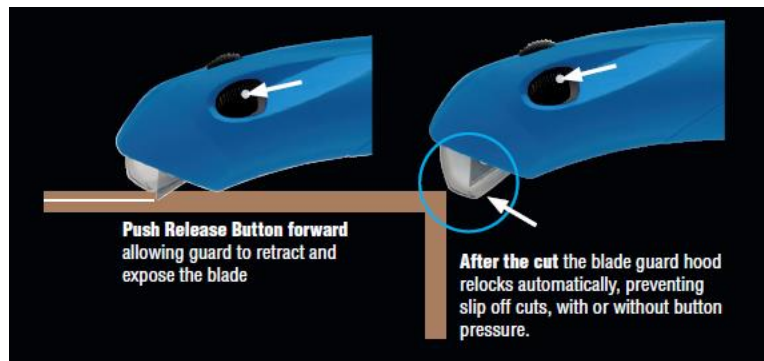

- NSF certified and food-safe, making it ideal for compliance in food service environments.
- The unique auto-retractable safety hood automatically covers the blade after each cut, minimizing the risk of injuries
- Stainless Steel Blade: Rustproof and easy to sanitize, maintaining hygiene standards.
- This cutter's embedded blade design eliminates the danger of loose blades in sensitive environments like food service.
- the built-in tape splitter adds versatility, allowing it to cut through tape without using the blade, further enhancing user safety.
- The cutter's 3-button activation system and ambidextrous design make it easy to use for all workers, whether right or left-handed.
- Disposable: Cost-effective for high-volume usage, ensuring fresh, sharp blades with each new pack.

APPLICATIONS

- Food Processing & Packaging
- Grocery Stores & Supermarkets
- Office & General Use
- Retail & Supermarkets
