

PRODUCT SPECIFICATION

SUPER ARMOR Flame Retardant Hood

- The two-layer construction provides enhanced protection from top to bottom, ensuring wearers are safeguarded against intense heat and flames.
- The soft and lightweight design ensures maximum comfort during use and allows for ease of movement without sacrificing protection.
- the hood is resistant to wear and tear due to its double-stitching with fire-resistant yarns.
- The high-quality elastic band fits all face sizes, providing a secure and comfortable fit, and prevents heat and flames from entering the face opening.
- Compatible with all SCBA masks to ensure additional protection and comfort while working seamlessly.

APPLICATIONS

- Firefighting
- Welding and Cutting
- Electrical Work
- Industrial Safety

TECHNICAL DATA

MATERIAL	MAZIC FM02 (93% Para-aramid / 5% Meta-aramid / 2% Carbon)
WEIGHT	230g/m ²
COLOR	Grayish off-White
STYLE	Tube
HEAT RESISTANCE CHANGE	± 3%
BURST STRENGTH	> 500kPa
STANDARD	EN13911:2017

LIMITATION OF USE

Before using the hood, the hazard which is happening must be subject to an incident-specific risk assessment by the user. The fire hood DOES NOT protect from the following risks :

- Fire entry or activities with the equivalent.
- fire-contact risk.
- Chemical risks.
- Contact with bulk flammable liquid fires.

Item Code: TK12FM01KHGW

CARE INSTRUCTION

- Do not use chlorine bleach.
- Do not dry clean.
- Machine wash at a temperature lower than 60°C.
- Iron at low temperature.
- Tumble dry at low temperature.
- Softeners suggested to be used.

STORAGE

- Whenever possible, keep it stored away from direct sunlight, which may degrade the color, and reduce the performance.
- Keep it away from direct fume source.
- Keep the storing places dry.
