

MADE IN MALAYSIA

FFP2

Particulate Respirator

Approved By SIRIM/JKKP

Vertically Foldable

4802

BS EN 149:2001+A1:2009
FFP2 NR D

Vertically Foldable
(Valve)

4802V

BS EN 149:2001+A1:2009
FFP2 NR

Vertically Foldable
(Valve, Activated Carbon)

4802AV

BS EN 149:2001+A1:2009
FFP2 NR

BS EN 149:2001+A1:2009
PCD11024

0.3*

MICRON FILTRATION

UV SANITIZED

GENTLE ON SKIN

HYPOALLERGENIC

HIGH BREATHABILITY

*0.3 micron is the most penetrating particle size (MPPS) which is used in the testing & certification of particulate respirators including N95 & FFP2.

Layers of Protection

Adjustable Concealed Nose Clip For Better Safety

Effective Filtration Of Harmful Particles, Bacteria & Virus

Innovative Adjustable Headstrap For Optimum Fit

One Size Fits All

Foldable Design For Easier Storage

Individual Packaging

- Made with Multiple-Layer Filtration Materials
- Soft, Comfortable Inner Layer
- Cool Latex-Free Cloth Headstrap
- Easy Wearing and Storage
