

HEARING PROTECTION

ELVEX Quattro™ Reusable Ear Plugs

- Universal size reusable ear plug designed to be used over and over again, with maintained comfort and effectiveness
- Consists of four flange design that allows the ear plug to fit almost all ear canals
- Sturdy and stiff handle allows an easy grip for insertion and removal
- Made of an ultra-soft polymer that provides a comfortable and effective seal, and resistant to ear wax and body oils and will outlast PVC ear plugs by many months
- Non-allergenic and non-irritating to the sensitive skin in the ear canal
- NRR= 27dB
