

Powered Air Purifying Respirator (PAPR)

SUNDSTROM SR 500 Fan Unit

- Battery-powered fan together with a filter and approved head top
- Standard battery SR501, 14.8V, 2.2Ah, lithium-ion with 30 min. charging time to reach 80% and 1.5 hours to reach 100%
- Can be used as an alternative to filter respirators in all situations
- Apply particularly to work that is hard, warm or for long duration
- Equipped with filters and the filtered air is fed through a breathing hose to the head-top
- The pressure then generated prevents surrounding pollutants from penetrating into mask
- All fans are supplied with a battery, charger, belt, flow meter, pre-filter holder, pre-filter and particle filter
