

PRODUCT HIGHLIGHT

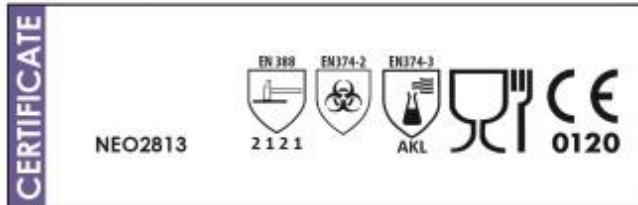

CHEMICAL RESISTANT GLOVES

SAFETYWARE Neoprene & Blended Polymer Gloves

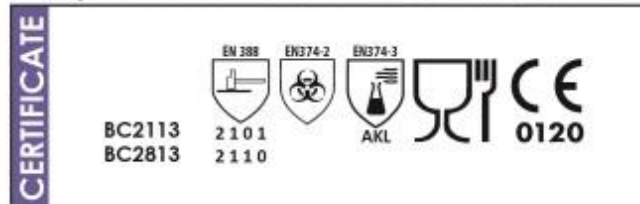

NEO2813

NeoPlus™ Flocklined Neoprene Gloves

BC2113 / BC2813

Duoprene™ Bi-Color Neoprene Blended over Rubber Gloves

- ** Made with specially formulated neoprene compound that offers better tactile sensitivity and tensile strength.
- ** Specially designed contoured shape to ensure greater comfort and prevent hand fatigue.
- ** Offer superior resistance against a wide range of chemical which include selected acids, caustics, solvents, alcohols, strong detergent, animal fats, oils and greases.
- ** Silky cotton flock-lining for better comfort and better absorption of perspiration.
- ** Diamond embossed grip pattern for better grip in both wet & dry conditions.
- ** Specially designed shapes with wider cuff for industrial use.
- ** Neoprene blended models are good alternatives for users who require good chemical protection but at a more economical price. (BC2113 & BC2813)
- ** Food Safe.
