Customizing Your S8 For Right Or Left Handed Users

Squeeze release tabs and pull the handles apart.

Rotate 180 degrees and snap the handle back into the body to close.

Reverse blade orientation by going into the blade change position and turn blade over.

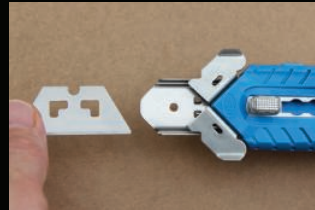

Blade Change

While depressing blade change tab slide button forward into the blade change position and remove blade.

Grasp both sides of the black spare blade compartment and pull back until it locks into place. Remove left most blade. Close spare blade compartment.

Align and place new blade on the index. Slide button back to the safe position.

Use only S Series replacement blades:
SP-O17, SPD-017 or PBDSP017B
