

# PRODUCT SPECIFICATION

## Flame Retardant Cotton Coverall

- Made from 100% cotton treated flame retardant fabric via a refine process which provide reliable flame retardant performance.
- The flame retardant properties of the fabric are tested for their wash durability after a minimum of 50 washes (tested according to EN ISO 11612:2008) and it is certified by Oeko-Tex.
- It is safe to human body, light, soft and comfortable to wear.
- Features:
  - 2 front chest pockets, 2 rear hip pockets, ruler pocket and swing pocket
  - Triple stitching
  - 2 way heavy duty brass zipper
  - 6 x 1" FR reflective tapes across arms, legs and back
  - Elastic on wrists area
  - Reinforced at all points of strain

## APPLICATIONS

- Marine
- Oil and gas
- General heavy duty industry
- Fire fighting
- Welding
- Smelting
- Road rescue
- Disaster rescue

## CARE INSTRUCTIONS

- Turn garments inside out before wash to reduce streaking from abrasion. Fill the washer no more than 2/3 full and use high water level.
- Wash separately in a Normal or Cotton cycle with water in room temperature. Use any typical home laundry detergent. Do not use soap (tallow soap containing animal fats).
- Do not use chlorinated detergent.
- Do not use fabric softeners as they may coat fibers and mask FR performance and/or serve as fuel in the event of garment ignition.
- The use of conditioned or soft water can help improve removal of contaminants from garments. Hard water precipitates soaps can result in the build-up of calcium and magnesium salts. These can serve as fuel in the event they are exposed to a source of ignition.
- It is important that all soils and other contaminants are completely removed from garments during the wash process. This may require the use of stain removal products, such as Shout®, Spray 'n Wash®, or Zout®; or presoaking garments prior to washing. The use of hot water can often make detergents more effective in the removal of soils. If all contaminants cannot be removed in home care, garments should be dry cleaned.
- Do not over dry garments. If desired, you may press with an iron via Permanent Press/Low setting.

## TECHNICAL DATA

FABRIC MATERIAL	100% cotton treated
GRAMS	215gsm
SIZE	S - 5XL
WATER SHRINKAGE	2-3 %
STANDARDS	EN ISO 11612:2008 EN ISO 11611:2007 EN ISO 15025:2000
AVERAGE WEIGHT	700-900gsm
PACKAGING	1 each / polybag

Item Code: FROVR600

## ITEM CODE

ITEM CODE	COLOR	
FROVR600RED	Red	
FROVR600ORG	Orange	
FROVR600NBL	Navy blue	
FROVR600DGN	Dark green
