Product Description: **PAPR WALL CASE**
 Part Number: **4100-P**
 Style: **SCBA**

GENERAL DESCRIPTION:

Allegro's large capacity PAPR Wall Case provides convenient respirator storage and protection from dust, moisture and damaging plant environments. It is made of corrosion resistant ABS, including hinges and latches. This lightweight design features two windows allowing for quick identification of contents. Covered pass-through allows charging while storing and will keep dirt and moisture out. PAPR can be stored without disassembling breathing tube. Includes shelf and storage space for batteries, cartridges and filters.

CONSTRUCTION:

Door: Single, hinged and riveted
 Seal: Buna-N rubber
 Material: Acrylonitrile Butadiene Styrene

WINDOWS:

Material: Clear case acrylic
 Size: 5.7" (14.4 cm) x 10.7" (27.1 cm)

SHELF:

Slots: Case has three slots for shelf position
 Material: Clear acrylic

CASE:

- Covered pass-through allows charging while storing
- Store PAPR without disassembling breathing tube
- Storage space for batteries, cartridges, and filters
