PUNCTURE PUNCTURE

#MXHV2PB

Clutch Gear® slip-on high-viz glove features textured PVC Sure Grip® palms for durable grip in oil in just the right places. Reinforced backs and palms provide abrasion, slash and penetration protection on both the palm and back of hand. Yet they are flexible enough for full range of hand movement, while backs are a fluorescent lime green offering hi-viz advantages.

Fingertips feature textured wraparound PVC Sure Grip® for added grip. Create a custom fit with adjustable Velcro tabs at the back of the wrists and a soft nylon side panel for a snug fit when needed.

Punkban™ offers puncture protection in a woven material. This pioneering breakthrough has been made possible by bringing together innovative, leading edge textile technology to combine spinning and weaving of Kevlar® by a unique method pioneered by Superior Glove. The resultant puncture resistant woven fabric is light and supple.

This engineered fabric is incorporated in our exclusive range of gloves that provide incredible puncture protection. You'll experience dexterity like never before in the new Punkban™ series of gloves.
