		Tensile strength	Over 900N		
		Tear strength	Over 60N		
	Certificate	GA7:2004 CHINA Fire Fighting Glove Standard			
Recommendation	The membrane at fingertips is tightly sewn on to the outer shell. We recommend, when pulling off the gloves, please hold on to the fingertips to avoid damaging the bond between membrane and outer glove.				
Restrictions:	The gloves do not offer protection against bacterial or chemical and electrical hazards. Gloves with attached membrane remain impervious to water only as long as the membrane is undamaged.
