PE WITH RUBBER BASE TRAFFIC CONE

TSTC18R

Height	18"
Colour	Red
Base	PE With Rubber Base
Unit	EA

TSTC30R

Height	30"
Colour	Red
Base	PE With Rubber Base
Unit	EA

TSTC39R

Height	39"
Colour	Red
Base	PE With Rubber Base
Unit	EA

- Black rubberized base make cones more heavier
- Made of durable material with high visibility reflective stripe
- Reflective stripes can be custom made with your company name or logo and apply on the traffic cone

PE WITH SAND BASE TRAFFIC CONE

TSTC18P

Height	18"
Colour	Fluorescent Red
Base	HDPE
Unit	EA

TSTC24P

Height	24"
Colour	Fluorescent Red
Base	HDPE
Unit	EA

TSTC30P

Height	30"
Colour	Fluorescent Red
Base	HDPE
Unit	EA

- High resistance to impact and UV degradation
- Provides exceptional stability and wind resistance
- Made of durable material with high visibility reflective stripe
- Reflective stripes can be custom made with your company name or logo and apply on the traffic cone

SOFT PVC TRAFFIC CONE

TSTC18V

Height	18"
Colour	Orange
Base	Soft PVC
Unit	EA

TSTC28V

Height	28"
Colour	Orange
Base	Soft PVC
Unit	EA

TSTC35V

Height	35"
Colour	Orange
Base	Soft PVC
Unit	EA

- Durable: Long service life
- Bounce back to shape when crushed
- Made of durable material with high visibility reflective stripe
- Reflective stripes can be custom made with your company name or logo and apply on the traffic cone

RETRACTABLE TRAFFIC CONE

TSRTC18R

Height	18"
Colour	Orange
Base	Waterproof Cloth + ABS/PP
Unit	EA

TSRTC24R

Height	24"
Colour	Orange
Base	Waterproof Cloth + ABS/PP
Unit	EA

TSRTC28R

Height	28"
Colour	Orange
Base	Waterproof Cloth + ABS/PP
Unit	EA

- Reflective material: Reflective cloth is certified by CE
- Ideal in case of car breakdowns, collisions & flat tyres
- Can be set up in a matter of seconds
- Ease of handling and storage
- Made of durable material with high visibility reflective stripe
- Reflective stripes can be custom made with your company name or logo and apply on the traffic cone

Cone Chain Holder

Item Code	Size (W x H)	Unit
QSCCH	205mm x 110mm	EA

- Design to attach plastic chain to traffic cones
- One piece design for an economical, high strength design
- Stackable for compact storage
- High visibility in red colour
- Made with 3mm ACP

Multipurpose Cone Chain Holder

Item Code	Size (W x H)	Unit
QSMCCH	205mm x 205mm	EA

- 4 way cone chain holder
- Design to attach plastic chain & traffic blinking LED light to traffic cones
- One piece design for an economical, high strength design
- Stackable for compact storage
- High visibility in red colour
- Made with 3mm ACP

Plastic Chain

Item Code	Length	Colour	Unit
PLASTICCHAIN2M<colour>	1/4 in x 2000mm	Yellow, Red	Roll

- Highly durable and visibility with striking colours
- Can be used for both indoor and outdoor applications

Traffic Cone Topper with Retractable Belt

Item Code	Belt Length	Diameter	Colour	Unit
CONBLTRW	3m	48mm	Red Body with Red/White Belt	EA

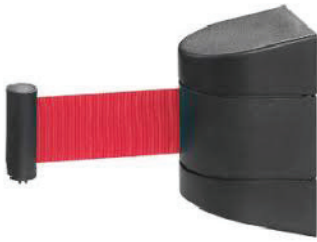

- Fit on top of traffic cones to work as a barrier for traffic control at airports, parking lots, sporting events, concerts, police and emergency situations, construction sites, and work zones
- Able to connect many cone toppers to extend your safety zone as the retractable belt has a toggle end to connect to each topper
- Width of belt: 48mm
- Size of Topper: 254mm (H) x 90mm (Diameter)

Stainless Steel Queue Up Stand

Item Code	Belt Length	Pole Height	Unit
A16	5.5ft	3ft	EA

- Pole diameter: 63.5mm
- Base diameter: 360mm
- Offer a elegant and high quality Q-Up stand
- Build a temporary but dynamic queue area based on the actual situation of the site and the crowd
- With heavy weight for good stability and full stainless steel surface
- Stackable and retractable

Wall Mounted Self Retractable Belt Head

Item Code	Belt Length	Head Size (WxDxH)	Unit
WMRB202R	5 meters	95mm x 110mm x 145mm	EA

- Control pedestrian traffic in and around your facility with belt tape barriers
- Set out or mount belt tape barriers anywhere indoors
- The belt tape retracts smoothly back into the head unit for storage
- Install wall mounted bracket (come along) to connect end of belt tape on the facing wall

Soft PVC Lane Divider

Item Code	Size (H x Base.W)	Colour	Unit
TSFTC30	750mm x 200mm	Red Body with Reflective	EA

- Made to last and offers superb impact resistance
- Weather resistant and has outstanding reboundable properties
- Comes with three reflective stripes which enhanced the visibility especially in dark condition
- Can be mounted by adhesive or bolts
- With 3 x 3" white reflective stripe

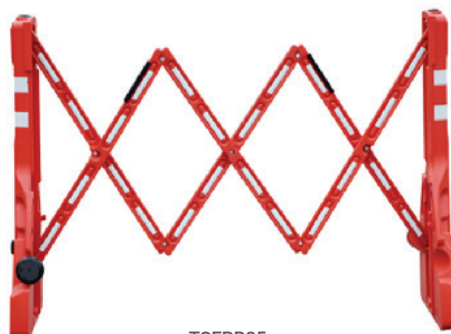

T-Top Delineator Post

Item Code	Size (H x Base.W)	Colour	Unit
TSDP43	1150mm x 400mm	Red Body with Reflective	EA

- Made with a solid & heavy rubber base with grip for extra stability
- Perfect for demarcating traffic flow
- Comes with 1-round of reflective tape for better visibility especially during night time
- T-Top allows interlink with nylon or plastic chains

TSEP25

TSEP35

Water Fillable

Plastic Expandable Barrier

Item Code	Colour	Size (LxH)	Material	Unit
TSEP25	Yellow/Black	2500mm (Fully Opened) x 960mm	Plastic	EA
TSEP35	Red/White	3500mm (Fully Opened) x 940mm	Plastic	EA

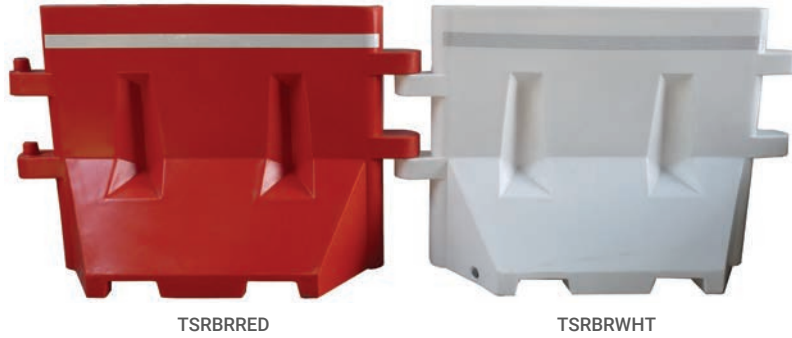

- Design to restrict access to danger and temporary hazard areas
- Compact, portable and lightweight to use at indoor and outdoor
- With integrated reflective strips for enhanced visibility during dark condition
- TSEP35 is fillable with water to add extra weight for added stability

Metal Expandable Barrier

Item Code	Material	Colour	Design	Size (L x H x W)	Unit
TSEMB13	Metal	Yellow/Black	-	58" x 33" x 16" (Expand Up To 1.4 Meter)	EA
TSEMB24	Metal	Yellow/Black	C/W Wheel	37.4" x 8.8" x 98.4"	EA

- Design to restrict access to danger and temporary hazard areas
- Compact, portable and lightweight to use at indoor and outdoor

Road Barrier with Reflective Line

Item Code	Colour	Size (L x H x W)	Unit
TSRBRRED	Red	1200mm x 500mm x 800mm	EA
TSRBRWHT	White	1200mm x 500mm x 800mm	EA

- Highly reflective line helps the eyes adjust to see more clearly in the dark
- Special luminescent pigment which allow the eyes respond effectively during day
- Last longer because it is more durable and reliable
- Has high resistance to impact and UV degradation

* The road barrier is sold separately

Road Barrier Hoarding

Item Code	Colour	Size (L x H x W)	Unit
TSRBHRED	Red	1230 x 1140 x 130mm	EA
TSRBHWHT	White	1230 x 1140 x 130mm	EA

- Special luminescent pigment which allow the eyes to respond effectively during day
- Last longer because it is more durable and reliable
- Has high resistance to impact and UV degradation

Road Barrier

Item Code	Colour	Size (LxHxW)	Unit
TSPF20	Yellow	2000mm x 1000mm x 55mm	EA

- With engineering grade reflective sheet
- Linking facility allowing system can be easily joined

PBT1

PBT2

PBT3

PBT4

Printed Barrier Tape

Item Code	Colour	Size (W x L)	Description	Unit
PBT1	Yellow/Black	76mm x 305m	AWAS DILARANG MASUK/CAUTION NO ADMITTANCE	Roll
PBT2	Yellow/Black	76mm x 305m	AWAS/CAUTION	Roll
PBT3	Red/White	76mm x 305m	AWAS/CAUTION	Roll
PBT4	Yellow	76mm x 305m	BAHAYA/DANGER	Roll

- Extremely durable and highly visible
- Designed to seal off and prevent unauthorized access to danger and hazardous areas
- Good tensile strength and can stretches up to twice its normal length before breaking

NBT76BY

NBT76RW

Non-Printed Barrier Tape

Item Code	Colour	Size (W x L)	Unit
NBT76BY	Yellow/Black	76mm x 305m	Roll
NBT76RW	Red/White	76mm x 305m	Roll

- Extremely durable and highly visible
- Designed to seal off and prevent unauthorized access to danger and hazardous areas
- Good tensile strength and can stretches up to twice its normal length before breaking

Reflective Delineator Rope

Item Code	Colour	Length	Unit
TSRDR000RED00	Yellow/Red	50m x 50 pieces reflectors	Roll

- Can be used to control crowds
- Have excellent visibility
- Used to direct traffic or marking dangerous areas
- Safe to use as no metal parts are used
- Fully flexible and waterproof
- Available in double sided reflective face
- Easy to install and maintain

Retractable Connecting Rod

Item Code	Colour	Length	Unit
TSCRBY30	Yellow/Black	3 meters	EA

- Made of plastic
- Lightweight and durable to be used for many times
- Comes with an open ring on both ends which can be attach easily to a traffic cone
- Used mainly to form a barricade and to prevent unauthorized access

CUSTOM MADE AVAILABLE

Safety Floor Sign

Item Code	Colour	Size (LxHxW)	Plot Size (WxH)	Unit
SFS001- SFS024	Yellow/Black/Red	300mm x 670mm x 32mm	200mm x 300mm	EA

- Made of plastic
- Keep employees alert to slippery or wet floors and other temporary workplace hazards to avoid falls, mishaps and unnecessary visitor or employee injuries
- High visibility in yellow colour
- Durable and easy to operate
- Messages may be printed on single side or both sides of the stand
- Folds flat for easy storage

CUSTOM MADE AVAILABLE

Plain Plastic Caution Board

Item Code	Description	Colour	Size (LxHxW)	Unit
TSPCB01	Plain with Top Board	Yellow	280mm x 670mm x 280mm	EA
TSPCB02	No Parking	Yellow	280mm x 670mm x 280mm	EA
TSPCB03	Caution, Wet Floor	Yellow	280mm x 670mm x 280mm	EA
TSPCB04	Caution, Cleaning In Progress	Yellow	280mm x 670mm x 280mm	EA

- Alerts co-workers and visitors alike to proceed carefully
- Message can be customize and printed on all four sides
- High visibility for up to 40 feet
- Stackable for easy transport and storage
- Lightweight and durable

QSFSBS

QSFSBSSET

Flexible Safety Barrier System

Item Code	Material	Size (HxW)	Unit
QSFSBS	6mm Polycarbonate	1000mm x 700mm (each)	EA
QSFSBSSET	6mm Polycarbonate	1000mm x 700mm (x3 ea)	SET

- Flexible safety barrier system which can be connected together to form a longer barrier
- Additional panel connected together whenever needed
- Due to the flexibility to add on additional panels, this modular safety barrier is ideal for a wide range of barricade applications
- Easy to assemble. Simply connect two panels by slot in side-by-side
- Lightweight and convenient to carry around for deployment and storage
- Customized messages on the panels are available
- Optional storage bag is available for easier carriage and storage

Warning Triangle

Item Code	Colour	Size	Unit
TSWTHD	Red	430mm x 430 mm	EA

- Made with ABS and metal plate
- Small & portable which can be deployed easily when needed
- Ideal to be kept in vehicles and will come in handy during emergency situation

LED Traffic Baton

Item Code	Colour	Size	Unit
TSTBRED01	Red	520mm x 30mm	EA

- Material: Botol = PVC ; Handle = ABS
- Working temperature : -20°C to +70°C
- With superbright LED
- High reflective film which provides excellent alarming effect in the night
- With Wrist Strap for easy handling
- Water proof which enabled it to work in the rainy day
- Visible from at least 500 meters away

Solar Cone Hazard Warning Light

Item Code	Colour	Packing	Unit
CTLLEDA	Amber	1 ea/box	EA
CTLLEDR	Red	1 ea/box	EA

- Surelite cone hazard warning light comes with a solar powered panel
- Durable construction material, able to survive in tough conditions
- High visibility which automatically activates in low light condition and hazardous area
- Can be easily mounted onto standard traffic cones
- Convenient and easy to set up
- High visibility distance up to 200 meters
- 70 to 75 FPM standard flash rate
- 1500 mAh rechargeable battery
- 7" polycarbonate lens

Traffic Solar Warning Light

Item Code	Colour	Unit
TSWLRED02	Red	EA

- Out put on full charge: More than 120 hours
- Time to full charge: 8 hours
- Product life: 3 years
- Auto-light control: 300-700 lux open
- Automatic on-off according to the environmental luminance
- Convex lens design in the center, excellent alarming effect in the night
- Water proof which enabled it to work in the rainy day
- Visible from at least 200 meters away

Cord Protector and Cover

Item Code	Colour	Size (HxWxDia. of Hole)	Unit
TSCOP01	Black	30mm x 100mm x 20mm	EA

- Length: 9 meters/roll
- Cover, hide and protect your cables and cords while keeping floors clear and safe
- Provides a low profile with trim, lay-flat design
- Reduce the possibility of tripping over exposed cords, wires, or cables
- Various lengths and widths to suit any application
- Pre-slit for convenience and easy installation

Mini Rubber Speed Bump

Item Code	Colour	Size (LxHxW)	Unit
TSRSHBY10	Yellow/Black	1000mm x 25mm x 150mm	EA

- Made with durable rubber material with yellow and black colour combination for greater visibility
- Moisture and temperature resistant
- Modular design allows easy installation
- Widely used in parking lots, workshops and other places

TSCP2C

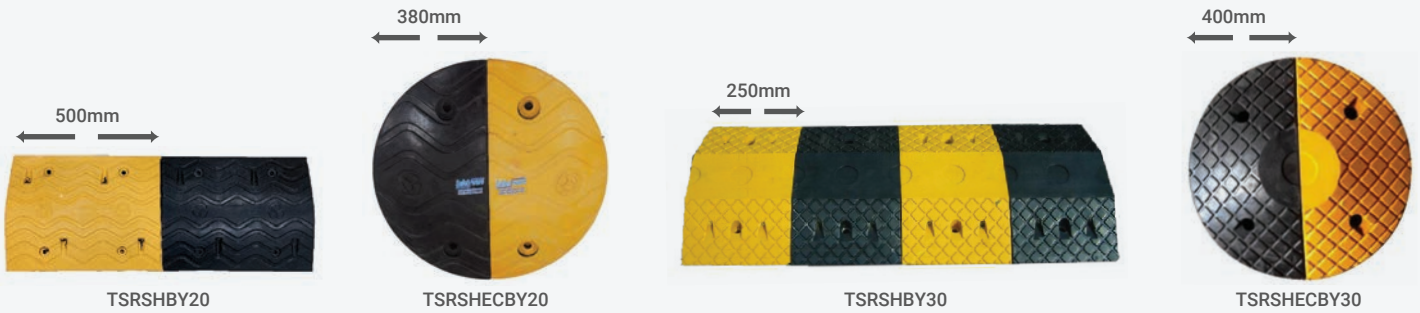

TSCP5C

Cable Protector

Item Code	Channel	Size (LxHxW)	Colour	Unit
TSCP2C	2	1000mm x 50mm x 250mm	Yellow/Black	EA
TSCP5C	5	900mm x 75mm x 600mm	Yellow/Black	EA

- Material: Yellow Cover in EVA + Black Ramp in Rubber
- Easily manage multiple cables and wires
- Interlocking T connectors allow for multiple cable covers to be connected
- Suitable to use at public events, jobsites, warehouses and other related areas
- Can be easily access for carts and pedestrians with low angle ramps

Rubber Speed Hump and End Caps

Item Code	Description	Size	Colour	Unit
TSRSHBY20	Standard Speed Hump	1000mm	Yellow/Black	SET
TSRSHBY20	Standard End Cap	380mm	Yellow, Black	SET
TSRSHBY30	Heavy Duty Speed Hump	1000mm	Yellow, Black	SET
TSRSHBY30	Heavy Duty End Cap	200mm	Yellow, Black	SET

- Made with durable rubber material with yellow and black colour combination for greater visibility
- Moisture and temperature resistant
- Modular design allows easy installation
- Widely used in parking lots, workshops and other places
- End caps come in 1 pair of yellow and black respectively
- TSRSHBY20 is suitable for ordinary traffic of small to medium vehicles; TSRSHBY30 is higher and ideal for big vehicles such as lorry and bus
- Included wall plugs

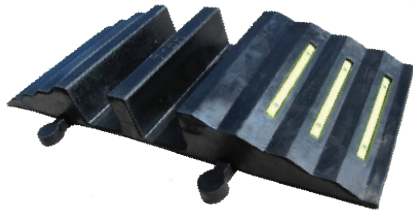

Rubber Wheel Stopper for Cars & Vans

Item Code	Colour	Size (LxHxW)	Unit
TSWSBY01	Yellow/Black	500mm x 100mm x 150mm	EA

- Made with rubber material which is durable which can withstand moisture and temperature
- Designed to be installed at parking lot and can withstand great pressure from reversing vehicle
- Ideal for all surface parking-indoor and outdoor
- Easy installation with help of expansion fasteners epoxy

TSHR01

TSHR02

Hose Ramp

Item Code	Channel	Size (LxHxW)	Colour	Unit
TSHR01	2	855mm x 85mm x 300mm	Black Body with Yellow Strip	EA
TSHR02	2	1010mm x 135mm x 300mm	Black Body with Yellow Strip	EA

- Protect the hose from heavy vehicle traffic
- Supplied with two connectors fitted which enables two ramps to be joined together if required
- With three yellow high visibility strips embedded into the ramp
- Great for indoor or outdoor use
- Suitable for use with most vehicles including buses and heavy goods vehicle

Rubber Wheel Stopper for Bus and Truck

Item Code	Colour	Size (LxHxW)	Unit
TSWSBY02	Yellow/Black	550mm x 150mm x 150mm	EA

- Made with rubber material which is durable which can withstand moisture and temperature
- Designed to be installed at parking lot and can withstand great pressure from reversing vehicle
- Provide guidance to bus or truck with strong reflective at night
- Easy installation with screw or glue

Rubber Parking Block

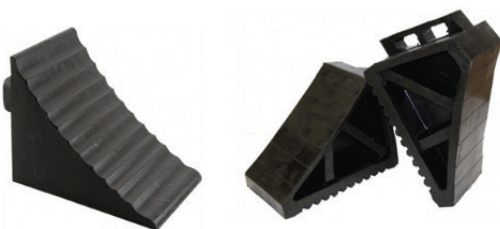

Item Code	Colour	Size (LxHxW)	Unit
TSWSBY03	Yellow/Black	1830mm x 110mm x 150mm	EA

- Less damaging to vehicles upon impact
- Flexible and can complies with any asphalt or concrete surface
- Resistant to extreme temperature variations, UV light, oils, moisture and damage
- Temporary or permanent installation

Rubber Wheel Chock

TSRWC01
(Heavy Duty)

TSRWC02
(Standard)

Item Code	Type	Weight	Size (LxHxW)	Unit
TSRWC01	Heavy Duty (Truck & Bus)	12kg	320mm x 260mm x 200mm	EA
TSRWC02	Standard (Cars & Vans)	3.1kg	270mm x 180mm x 120mm	EA

- Prevent vehicles from rolling
- Keep vehicles parked securely in one place
- Textured base provides additional grip
- Oil resistance for long performance life
- Weight Capacity : 40 tons (TSRWC01), 3 - 5 tons (TSRWC02)

TSCGBY01

TSCGBY02

Corner Guard

Item Code	Type	Colour	Size (LxHxW)	Unit
TSCGBY01	90° Edge	Yellow/Black	800mm x 12mm x 100mm	EA
TSCGBY02	Round Edge	Yellow/Black	800mm x 20mm x 120mm	EA

- Made with high impact resistance rubber which is durable and strong
- Ideal for protection of corners and columns against being damaged by moving vehicles
- Provide high reflectivity at night
- Widely used in basement parking, hotel parking and warehouse with traffic flow

Rubber Wall Guard

Item Code	Colour	Size (LxHxW)	Unit
TSWGBY	Yellow/Black	1000mm x 50mm x 150mm	EA

- Protects the structure and appearance of a building
- Resists extreme temperature variation, moisture, UV light and oil
- Absorbs and minimizes damage caused by vehicles hitting wall
- Constructed from heavy duty rubber
- Adds visibility to walls for safety
- Can be used on indoor and outdoor walls
- Ideal for retail, commercial, parking structures and more
- Works great in residential garages for car parking
- Pre-drilled holes for installation

O Type Manual Parking Lock

Item Code	Colour	Size (LxHxW)	Unit
TSPLOCK	Orange	600mm x 380mm x 500mm	EA

- Material: High-quality rolled steel with pyrolytic coating
- Usage for personal parking space
- Usage in parking lots, uptown, office building, commercial building, hotel, airport and other related areas
- Other size and weight is available

Universal Wheel Clamp

Item Code	Colour	Size	Unit
WL1529	Yellow/Red	155mm - 290mm	EA

- The wheel clamp is supplied with two keys
- Constructed from steel
- Clamp with PVC coating to avoid wheel damage
- Adjustable to fit tyres of 155mm to 290mm wide

Reflective Tape for Truck

Item Code	Colour	Size (LxW)	Packing	Unit
TSARFTRW2	Red/White	50m x 50mm	10 rolls/ctn	Roll

- Designed for application to side and rear of large trailers, trucks and other vehicles to increase their visibility
- Highly reflective tape with pressure sensitive adhesive
- Can be easily cut into the desired length to suit different requirement

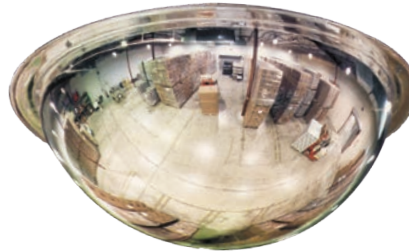

Windsock with Reflective Stripes

Item Code	Colour	Length	Diameter (Out/Int)	Unit
WS200	Orange	2 meters	50cm/ 40cm	EA

- Made with water resistant fabric with highly visible fluorescent orange colour
- The reflective stripes enhance the visibility especially under low light condition
- Designed to show the direction & strength of the wind
- Suitable to be used at airports, factories, and other public areas
- Doesn't come with pole & frame

DMH600A

DMFXXX

Dome Mirror with Bracket

Item Code	Type	Material	Size	Unit
DMH600A	Half	Acrylic	600mm	EA
DMF600A	Full	Acrylic	600mm	EA
DMF800A	Full	Acrylic	800mm	EA
DMF1000A	Full	Acrylic	1000mm	EA

- Provide corridor intersection safety with safety traffic mirrors
- Offer bright, distortion-free views of movement from all directions at blind corners, three-way and four-way intersections
- Shatter-resistant acrylic construction will not deteriorate, discolour or lose plating
- Available in 18", 26", 36" and 48" in sizes in 360°, 180° or 90° models.
- 18" and 26" models are ideal for offices and stores while 36" and 48" models are ideal for use in warehouses and production facilities
- The 600mm size is ideal for office, stores and smaller production facilities
- The 800mm and 1000mm sizes are ideal for bigger warehouse and production facilities

CMID600P

CMID600S

Indoor Convex Mirror with Bracket

Item Code	Material	Size	Shape	Unit
CMID450P	Polycarbonate	450mm	Round	EA
CMID600P	Polycarbonate	600mm	Round	EA
CMID800P	Polycarbonate	800mm	Round	EA
CMID1000P	Polycarbonate	1000mm	Round	EA
CMID490S	Stainless Steel	490mm	Round	EA
CMID600S	Stainless Steel	600mm	Round	EA

- First line of defense against theft and pilferage
- Increase aisle visibility and eliminate blind spots
- Mirrors are lightweight, fade-proof and unbreakable with top-quality silvering and near-perfect convexing which affords the widest angle of vision
- Indoor mirrors are an excellent choice for plant safety, reception areas and industrial applications
- Outdoor mirrors have weather proofing to protect against the elements and are excellent for parking garages

CMOD600P

CMOD600S

CMOD4560S & CMOD6080S

Outdoor Convex Mirror with Bracket

Item Code	Material	Size	Shape	Unit
CMOD450P	Polycarbonate	450mm	Round	EA
CMOD600P	Polycarbonate	600mm	Round	EA
CMOD800P	Polycarbonate	800mm	Round	EA
CMOD1000P	Polycarbonate	1000mm	Round	EA
CMOD320S	Stainless Steel	320mm	Round	EA
CMOD490S	Stainless Steel	490mm	Round	EA
CMOD600S	Stainless Steel	600mm	Round	EA
CMOD800S	Stainless Steel	800mm	Round	EA
CMOD1000S	Stainless Steel	1000mm	Round	EA
CMOD4560S	Stainless Steel	600mm x 450mm	Rectangular	EA
CMOD6080S	Stainless Steel	800mm x 600mm	Rectangular	EA

- First line of defense against theft and pilferage
- Increase aisle visibility and eliminate blind spots
- Mirrors are lightweight, fade-proof and unbreakable with top-quality silvering and near-perfect convexing which affords the widest angle of vision
- Indoor mirrors are an excellent choice for plant safety, reception areas and industrial applications
- Outdoor mirrors have weather proofing to protect against the elements and are excellent for parking garages
