

PRODUCT SPECIFICATION

SAFETYWARE NitraGuard Nitrile Fully Coated Gloves

- Ideal for auto repair, construction and general work.
- Designed to provide a snug and comfortable fit, providing ease of movement and reducing fatigue.
- Offer exceptional dexterity and flexibility, allowing users to handle objects, tools or materials easily.
- Fully coated with nitrile to offer excellent resistance to chemicals, oils, and solvents.
- The nitrile coating also provides enhanced grip in both wet and dry conditions.
- Made using 13-gauge 100% breathable seamless liner for enhanced dexterity and extra comfort.

APPLICATIONS

- Automotive Repair
- Construction
- General Maintenance & Repair
- Manufacturing
- Warehousing & Logistics
- Painting
- HVAC (Heating, Ventilation and Air Conditioning)
- Electrical Work & Plumbing

TECHNICAL DATA

MATERIAL	15-gauge polyester
COATING	Nitrile (fully coated)
COLOR	Blue/white
SIZES	8-10
STANDARD	EN388:2016 4121X
PACKAGING	1 pair/ bag, 12 pairs/ polybag, 10 polybags/ carton

PERFORMANCE PROPERTIES

EN388	ABRASION	4
	BLADE CUT	1
	TEAR	2
	PUNCTURE	1
	CUT RESISTANCE METHOD (EN ISO 13997)	X

Item Code: NBR02
