

# PRODUCT SPECIFICATION

## SAFETYWARE Rubber Dielectric Glove come with VoltShield Bag, Class 00

- Protects against electrical shocks, ensuring the safety of workers when handling live electrical equipment.
- Soft and various size options available for reduced hand fatigue during extended use.
- Bright orange color to improve visibility in low-light conditions, enhancing workplace safety.
- Thick and sturdy construction for long-lasting use, minimizing the need for frequent replacements.
- Certified resistance to :
  - Category A - Resistance to Acid
  - Category Z - Resistance to Ozone
  - Category C - Resistance to Very Low Temperatures

### APPLICATIONS

- Electrical Industries
- Automobile Industries
- Machinery and Equipment
- Construction Industries
- Mining

VoltShield Bag

Item Code: VLT01-C00

### TECHNICAL DATA

MATERIAL	Natural Rubber Latex	CUFF	Straight	
COLOR	Orange			
AVAILABLE SIZE	8	9	10	11
WEIGHT (± 3 g/pc)	80	90	95	100
LENGTH	360 mm			
THICKNESS	0.88 ± 5 mm			
CLASS	Class 00			
ARC RATING (ATPV) ACCORDING TO ASTM F2675/F2675M:2021	6.2 Cal/cm <sup>2</sup>			
STANDARD	EN 60903:2003, EN ISO 21420:2020, REACH Compliant, CE			

### SIZING CHART

SIZE	CUFF WIDTH (± 5 mm)	TOTAL LENGTH (± 10 mm)	PALM WIDTH (± 5 mm)
8	155	360	105
9	165	360	110
10	170	360	125
11	180	360	135
