INTRODUCTION

SAFETYWARE GROUP:

Safetyware is a leading integrated safety and health solutions provider with over 30 years of experience, serving more than 10,000 customers in 130 countries. Our expertise as a manufacturer, trader, and distributor is backed by rigorous ISO 9001, CE, and SIRIM certifications. From manufacturing our own trusted brands like RHINO SHOE and Safe-Vest to distributing world-class PPE, we are the industry's trusted partner for comprehensive, quality-assured safety solutions.

This commitment to total safety has established us as pioneers in hearing conservation. We understand that industrial noise is a critical, complex hazard, and our mission is to provide more than just products. We offer a complete range of certified hearing protection, from advanced earmuffs to specialized earplugs, all engineered for maximum comfort, compliance, and reliable attenuation. Trust Safetyware to be your expert partner in preserving your team's hearing.

NOISESHIELD™ SERIES

DURABLE

Made with premium, durable material for long-lasting use.

CUSHIONED EAR MUFF

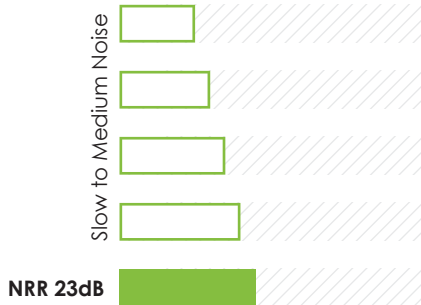

Maximum noise reduction with a focus on exceptional comfort.

LIGHTWEIGHT EARCUP

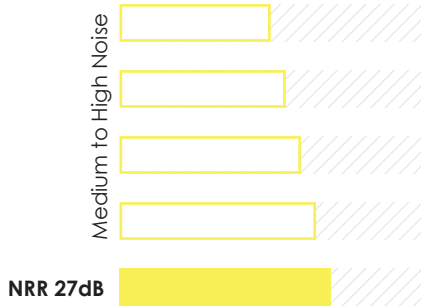

Sleek design ensure maximum comfort, allowing for extended wear without fatigue.

HP402

Noise Level Graph: You may refer this graph as a guide whenever you need to choose an Earmuff. You can conduct a noise assessment at your workplace to be sure which Earmuff suits you.

NOISE SHIELD™

NOISESHIELD™ LITE

HP402

NoiseShield™ Lite Lightweight Earmuffs are specially designed to deliver superior hearing protection with maximum comfort. Featuring a soft-padded headband cushion, these earmuffs provide a secure yet comfortable fit, even for extended wear.

Built to comply with both European CE and ANSI standards, the EcoMuff is ideal for use in industrial, construction, and high-noise environments, helping reduce noise exposure effectively with SNR of 30 dB and NRR of 23 dB.

Whether you're in manufacturing, maintenance, or outdoor work, these earmuffs offer a perfect balance of performance, durability, and comfort.

Effective Noise Control
SNR 30 dB | NRR 23 dB

CE ANSI SIRIM-DOSH APPROVED 

NOISESHIELD™ PRO HP501

Designed for optimal hearing protection in medium to high noise environments, NoiseShield™ Pro Professional Earmuffs delivers superior performance with a high SNR of 34 dB and NRR of 27 dB. Its lightweight ABS plastic construction ensures both durability and user comfort.

Whether used in construction, heavy industry, or general manufacturing, this earmuff helps protect workers from harmful noise exposure while maintaining comfort through its headband-style design.

Certified to European CE and ANSI standards, this model is ideal for workplaces that demand both compliance and protection.

Effective Noise Control
SNR 34 dB | NRR 27 dB

CE ANSI SIRIM-DOSH APPROVED 

NOISESHIELD™ MAX HP601

Engineered for environments with extremely high noise levels, the NoiseShield™ Max High-Noise Protection Earmuffs offers outstanding protection with a superior SNR of 37 dB and NRR of 30 dB. Built with durable ABS material and a dual-headband system, it ensures optimal pressure distribution and long-term wearing comfort.

Designed for use in heavy industry, construction zones, and manufacturing facilities, this earmuff combines safety, comfort, and durability—ideal for professionals who demand the best.

Complies with European CE and ANSI safety standards.

Effective Noise Control
SNR 37 dB | NRR 30 dB

CE ANSI SIRIM-DOSH APPROVED 

NOISE SHIELD™

Comfortable For Long Hours

Adjustable For A Custom Secure Fit

Reliable Low to High Noise Reduction

EASYFIT™ DISPOSABLE EARPLUGS

HP101(UNCORDED) | HP102(CORDED)

EasyFit™ Disposable Ear Plugs are made from soft, hypoallergenic polyurethane (PU) foam that gently expands to fit all ear canal sizes, offering superior comfort and protection. The tapered shape and smooth surface ensure easy insertion and prolonged wear, making them ideal for high-noise environments like construction, factories, or workshops.

These ear plugs provide an NRR of 32 dB and SNR of 37 dB, placing them in Class 5 of hearing protection. Each pair is individually packed to maintain hygiene and prevent contamination.

Effective Noise Control
SNR 37 dB | NRR 32 dB

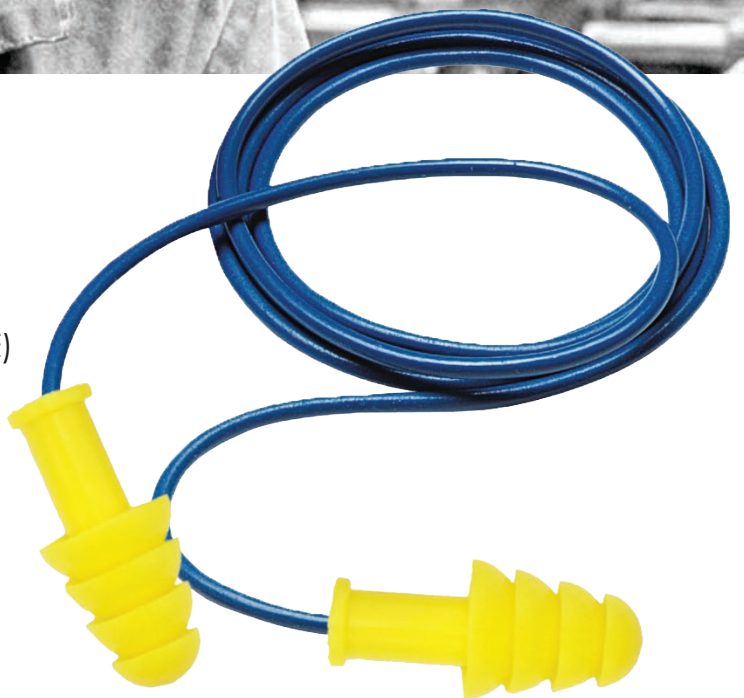

CE ANSI **SIRIM-DOSH** 
APPROVED

DURAFIT™ REUSABLE EARPLUGS

HP201 (NO CASE) | HP202 (WITH CASE)

The DuraFit™ Reusable Corded Ear Plugs are designed to deliver maximum comfort, durability, and hearing protection. Made from soft, thin, and pliable TPR material, the 4-flange design provides a secure fit that perfectly conforms to the ear canal for long-wearing comfort.

These earplugs are reusable and come with a choice of polybag or plastic case packaging—making them ideal for industrial use, travel, or personal protection. With a high Noise Reduction Rating of NRR 27dB and SNR 33dB, they offer Class 4 protection against loud environments. Fully certified to CE and SIRIM-DOSH safety standards, they are trusted for reliable ear protection across various industries.

Effective Noise Control
SNR 34 dB | NRR 27 dB

CE ANSI SIRIM-DOSH APPROVED 

SECUREFIT™ METAL DETECTABLE EARPLUGS

HP311 (NO CASE) | HP312 (WITH CASE)

The SecureFit™ Metal Detectable Corded Ear Plugs are specifically designed for food, beverage, and pharmaceutical industries where traceability and hygiene are crucial. Featuring a 4-flange "Christmas Tree" shape for a secure fit, these earplugs are made from soft and durable TPR for lasting comfort during long hours of wear.

Equipped with a metal-detectable cord and plug body, these earplugs help reduce contamination risks and enhance workplace safety. Their Noise Reduction Rating of up to 32 dB (SNR) ensures effective hearing protection in high-noise environments.

Effective Noise Control
SNR 30 dB | NRR 23 dB

CE ANSI **SIRIM-DOSH APPROVED** 

EASYFIT™ DISPOSABLE EAR PLUGS WITH DISPENSER

HP 103R (EAR PLUGS WITH DISPENSER)

The EasyFit™ Disposable Ear Plugs with Dispenser offers effective hearing protection with a practical and hygienic dispensing system. Made from soft polyurethane (PU) foam, these uncorded tapered ear plugs provide a secure and comfortable fit while minimizing pressure on the ear canal.

HP 103B
(EAR PLUGS REFILL)
Effective Noise Control
SNR 37 dB
NRR 32 dB

With a Noise Reduction Rating (NRR) of 32 dB and Single Number Rating (SNR) of 37 dB, they are ideal for environments with high noise exposure. The smooth, soil-resistant surface prevents dirt build-up, making them safe and clean for repeated use. Designed for easy insertion and optimal comfort, these plugs also help reduce waste when used with HP 103R refillable dispenser systems.
